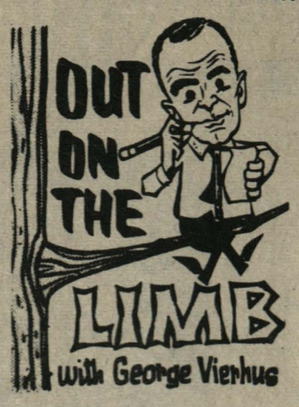
378-9136 | 35 Dillon Avenue Campbell California



BALL PLAYING CAN BE hazardous, especially for those individuals who are passed the "life begins at 40" bit.

Two members of the official "city family" can testify to that.

By ball playing we are not referring to the annual friendly slugfest indulged in by the Rotary and Kiwanis clubs or the CofC vs. City Hall.

In the first place those annual activities can hardly be classified as ball playing in the strict sense of the word, despite the fact that a ball and bat are used.

And age really doesn't enter into the picture.

In fact your editor has managed to "support" the CofC team in the field and bat for a couple innings each time the CofC-City Hall fracas is held.

But, just because we may have "starred" for a couple of innings annually, it does not follow that we would do it as a steady diet, say once a week in league play, which brings us to the point of this discourse.

-0-

IN TWO SUCCESSIVE weeks, the official City of Campbell softball team, which is playing in an inter-city league of sorts, lost players via the injury route.

The first to go out (suffering a hairline fracture of his left arm) was, would you believe, the head of the city administration, City Manager Bob Stephens.

Bob, a pro ball player in his youth (to use the term loosely on a comparative basis with his present mellowness), and who still handles himself quite proficiently on the diamond, fell on his arm at home plate and cracked a bone.

He has conceded that perhaps it would be wise for him at his "advanced" age to confine his physical activities to golf, fishing and jogging, instead of cavorting on the base paths.

He has discovered apparently that, compared to 20 or 30 years ago, he now bruises easier and heals slower.

On the other hand, has proved slightly hazardous for Bob also. (He cut two fingers to go with the hairline fracture while on a recent fishing trip).

Neither one of the injuries has kept him from his duties as city manager. However, there has been one blessing in disguise, his doctor has kept him off the golf course, which has saved your editor money. (Do we have to explain that?).

-0-

THE SECOND LOSS FOR the city team was Jack Healey, long-time member of the Planning Commission and former chairman of that body.

Jack suffered a broken shoulder when he fell going after a long fly.

We imagine that these losses of "veteran" ball players has really shaken up Police Chief John Morgan, the manager-captain of the city aggregation.

John probably is watching himself quite carefully and treading cautiously on the ball field.

He should.

We recall he was laid up with a leg injury some years ago.

He received the injury in another rough sport...volleyball.

-0-

SPEAKING OF SPORTS, the first annual Chamber of Commerce golf tournament held last week at the Riverside course is now history.

It was a highly successful affair and most of the 80 who teed off claimed they were looking forward eagerly to next year.

Bob Blonder, manager of the First Valley Bank and treasurer of the CofC, did an excellent job in organizing the first tournament, in spite of

(Continued on Page 2)

A Salute to INDEPENDENCE DAY

Campbell bells to ring

Campbell residents will once again observe the Fourth of July with the traditional ringing of bells for 10 minutes at 11 a.m. They will be joining the bells across the nation symbolizing the signing of the Declaration of Independence.

The church bells of St. Lucy's and the First United Methodist Church, both on Winchester Blvd. will be "electronically" set for 11 a.m. and automatically go off, but the Congregational Church bell on Campbell Ave., is still traditionally hand-pulled.

The Campbell Fire Department old fire bell which is now mounted, without clapper, outside of the Campbell Fire Station on Central Ave. will also be enthusiastically "banged" on to ring out the story of American freedom.

"DE-BUNKED" BY ROTARY CLUB--Dr. Wallace Hall, (left), the sedate president of West Valley College, served as president of the Campbell Rotary Club during the past year. His term as Rotary prexy expired at the luncheon meeting Monday. He was succeeded by Don Callahan, a certified public accountant.

But before the gavel of office was officially turned over to Callahan, Dr. Hall had to undergo the traditional Rotarian "debunking" procedure, prior to receiving the sincere tributes from the club members for his year's administration.

Hall was "convicted" of some trumped-up charges and forced to wear a convict garb. He was handcuffed by Police Chief John Morgan (right) to a chair. He was subsequently "released" by Morgan at the City Hall where the college president was carted, chair and all, by Bill Deal, community services director of the college. Deal, according to Hall, as his "attorney" failed miserably to defend him of the many charges. Hall was "tried" under the alias of "Hally Wall".

DANGER, KING-SIZE--Timmy Farnham, son of Mr. and Mrs. Richard Farnham, of 115 McBain Court, Campbell, poses with a make-believe giant-size illegal firecracker, used by the Campbell Fire Department to demonstrate the dangers of fireworks of all descriptions.

No "safe" fireworks, says fire department

claims that there are no such things as "safe fireworks".

This week on the eve of Independence Day, Gene Borden, fire marshal, issued the annual warning that lives can be saved and many injuries can be averted, if people will only remember that fireworks are dangerous "toys".

The selling and use of fireworks are legal within the city limits of Campbell but the local firemen point out that "cherry bombs", the most popular number especially among some teen-agers, can cause havoc when tossed into cars, into groups or through windows.

"Sparklers", which many families consider "safe", can also be as dangerous as the big noise-makers, the fire people claim. The tip of the "sparkler" can reach a temperature of 2000 degrees Fahrenheit, so even when it stops throwing sparks, the hot wire can still cause burns and start fires.

Each Independence Day, Fire Marshal Borden reports, as many as 5000 persons in the United States are injured by fireworks.

The Campbell department each year makes an effort to inform the public that fireworks are dangerous, even sparklers. And often some of the banned fireworks are "bootlegged" which increases the hazard.

The department has especially emphasized the dangers that lurk when youngsters get involved, for many of the kids don't understand how dangerous they can be.

Groups of youngsters have been assembled by the fire department and demonstrations have been held to show the dangers.

For the "Fourth"

The office of The Campbell Press will be closed all day, Friday, July 4, Independence Day.

Have a good day and a "glorious fourth".

The Press staff appreciates it when a holiday falls on Friday, even if it means having to catch up on the following Monday.

So, the staff would appreciate it, if both ad and news copy due ordinarily on Friday would be in this Thursday.

Council okays 1969-70 budget

Campbell's biggest preliminary budget in its history, totaling $3,687,602, for 1969-70 received the unanimous approval of the City Council Monday night, the last day of the 1968-69 fiscal year.

The final budget will be adopted in August when the assessed valuation is known. The tax rate will then be set.

Approved at the same meeting was the six-year capital improvement program report for $5,313,175, extending from July 1, 1969 to June 30, 1975.

The capital improvement program includes estimates for streets and traffic safety ($2,475,000); parks and recreation ($625,000); fire stations ($745,775); public facilities (corp. yard, city hall, library $1,408,400) and storm drains ($58,000).

The City Council approved the recommendations of the capital improvement program as outlined by City Manager Bob Stephens, which included the basic policies for financial planning.

These included that the major improvement and debt service costs should equal about 20% of the total fiscal year budget. Stephens noted that next year, $348,124 will be allocated of the $3.6 million budget, or about nine per cent.

Debt service costs should not exceed 25% of the total budget. Next year, $294,749 of the general fund of $1,478,025 will be allocated or 19%.

Of the total bond debt of the city ($5,410,747), $1,592,973 is scheduled to be paid off in six years or 29%.

The six-year program also takes into consideration a future bond issue (possibly in 1971) to finance street and safety projects and fire stations estimated at $1,155,000. The city staff feels that the proposed loop system for the downtown area can be financed in no other way.

Also to be considered is the projected interchange at Campbell Ave. and Highway 17 which is now under study by the Division of Highways.

In his recommendation to the City Council, and with which the councilmen agreed wholeheartedly, Stephens stressed the need for a greater cooperative effort by the City and the Chamber of Commerce in recognizing the importance of commercial and light industrial uses in the City.

Stephens asked for the CofC to develop a closer liaison with the commercial and industrial leaders of the community.

The preliminary operating budget of the City which was adopted by the City Council and totaled $3,687,602 was basically the same as that originally recommended by Stephens of $3,787,132.

The major change was made in the park bond allocation, changing the land cost to

LIBERTY BELL--Two Forest Hill students, Sherry Francis and Darrell Plusch, pose by the "Liberty Bell" phase of the patriotic mosaic constructed at the school by the youngsters, parents and teachers. The mosaic was unveiled in May but is apropos of Independence Day.

Cy Penhall, barber in Campbell for 45 years, quits for fishing

BY FRAN CLEVER

A long-time Campbell fixture behind the traditional striped barber pole from now on will be associated with a different type of pole.

Fishing, that is. On a permanent basis.

Cy Penhall, who has been cutting hair in Campbell since 1924, closed the doors of his barbershop on Campbell Ave. on Saturday and "went fishing".

Effective July 1 Cy, who had been in business in Campbell longer than any other merchant or business man, closed his doors permanently and can be found these days on the Rogue River outside of Hornbrook, Calif., where he intends to spend the rest of his life with a Social Security check coming in every month, a fishing pole in his hand and preferably a good-sized steelhead or salmon on the end of the pole.

Cy first went to work in 1923 in the little barbershop located on Railroad Ave. across the street from where the Southern Pacific Railway Depot was located. One of his first customers there was Frank Noyer of 723 El Patio Ave., who dropped in during Penhall's last week for a farewell haircut.

Noyer still boasts an excellent head of hair at the age of 71, a tribute to the excellent care he has received during the 45 years Cy has been cutting his hair.

In 1938 he moved his business to Campbell Ave. across the street from the theater building, and there he shared a building with Lowell Benson, owner and proprietor of the Campbell Benson's Cleaners.

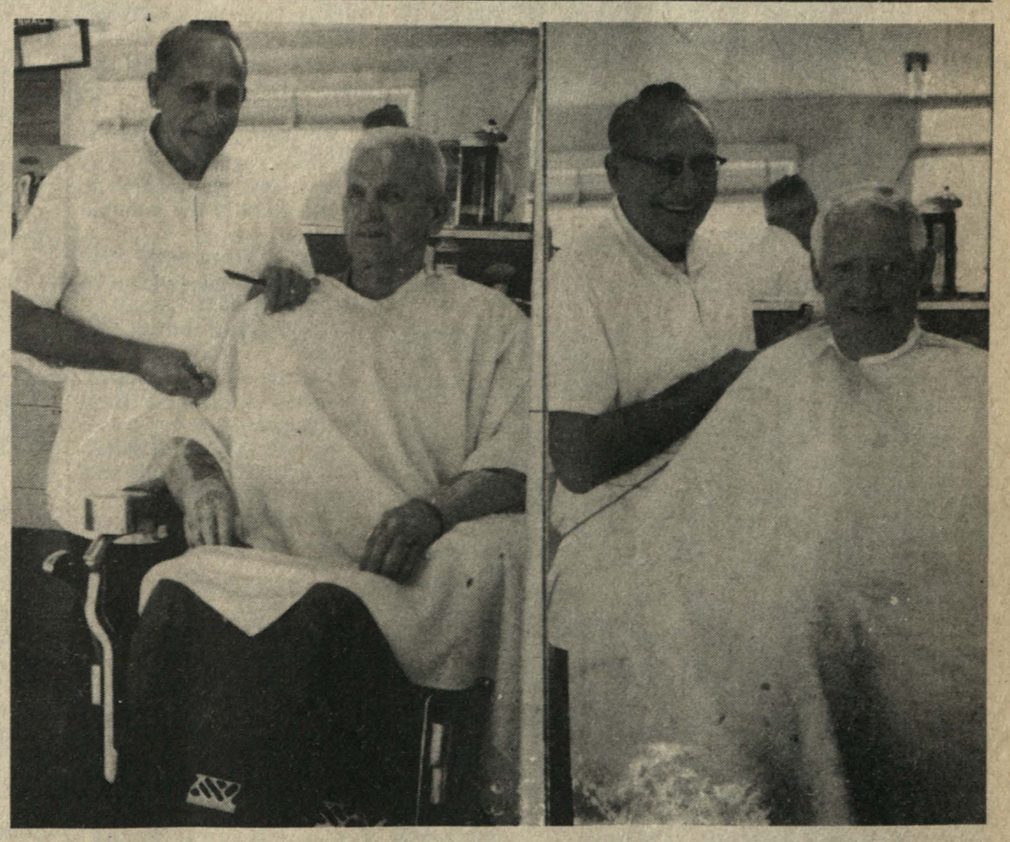
Benson dropped in to reminisce with Cy during the last week, and together the two recalled that they had shared a building for their two businesses and had partitioned it with knotty pine. Penhall and Benson had divided the $37.50 rent between them with Cy paying $12.50 and Benson paying $27.

In 1956 Penhall moved to his present location at the corner of Campbell Ave. and here he has maintained three chairs until the last year when he decided "It's time to go fishing--you can't fish out of a pine box".

Cy also recalled that he had been a subscriber to the Campbell Press since 1923 and made sure that his mail subscription was paid up for a year so that he could continue to keep in touch with the progress being made in Campbell.

He and Benson agreed that outside of the new "Tower" being constructed at Campbell and Bascom, the greatest change that he thought had taken place in Campbell was the phenominal growth of the school systems.

Mrs. Melba Penhall shares Cy's interest in fishing and is looking forward to their "golden years" in the little house situated on the 20 acres they bought two years ago and just "catching fish" and enjoying life.



GOOD-BY CY--Frank Noyer, 723 El Patio, on the left, who has had Cy Penhall as his barber since 1924, and was his very first customer, dropped by last week to have Cy trim his hair for one last time. On the right Lowell Benson, who once shared an office with Penhall, got his last haircut before Penhall closed his doors for the last time as of July 1 and "went fishing".

Editorial

Pictorial division

In this day and age when, in some circles, "flag waving" of any type is considered old-fashioned and patriotism is something that is not the thing, this newspaper unashamedly admits to being extremely proud of this country and its heritage.

And on this Independence Day, 1969, the "Glorious Fourth", we reiterate our unconcealed pride in this nation, its present, its future and its past.

For that reason, The Campbell Press, in this issue two days preceding Independence Day, is publishing four additional pictures of the unveiling of the patriotic mosaic that was built by the kids, teachers and parents of Forest Hills School.

The mosaic was dedicated on May 21 and The Press gave coverage then.

We think it was a tremendous project and apropos of this Fourth of July, we are pleased to present more pictures of the patriotic mosaic with some of the students who participated.

We can think of no better editorial for this great day.

If this be "flag waving", we stand guilty....but proud.

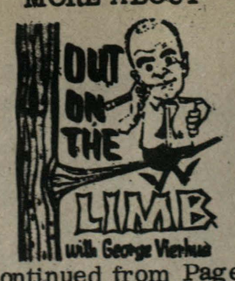
MORE ABOUT



(Continued from Page 1)

the few groans from some of the females who claimed that it should not have been a stag affair in the first place.

But Bob held firm. (He's not married.)

Incidentally, Blonder won the trophy for low gross with a 79.

A lot of credit for the success of the tourney should also go to Joe Cuffaro, manager of Walker's Paints.

Joe did not play in the tournament but handled the refreshments during the afternoon very efficiently, including the cooking of the steaks to the satisfaction of all, which should have been worth a trophy in itself.

Elaine Simon, the efficient CofC office secretary, despite her "leadership" of the anti-stag crusade, also was a great help.

There was another non-player, Oscar Sorenson, manager of the Hamilton BofA branch, who deserves credit for the invention of a "new" game, called the "13th ace".

Oscar won.

You might ask him how he did it. Or Homer Hyde who won the second game.

-0-

OF COURSE, THE TRUTH generally always comes out at these golf tournaments...The "real pros" show their stuff; the "hackers" like your editor just go along and the "first-time-outers" get the loot via the Callaway system.

Naturally the guy who walked off with the trophy for "low net" was Ben Gould.

Did you expect anything else?

However, Sam Franks, administrator of the Campbell Community Hospital was the real surprise of the day. Sam and Jerry Kliman tied with Ben for the low net score of 70.

But Ben, of course, won the toss for the trophy. His halo was on straight.

Still the proudest trophy winner of 'em all seemed to be Ed Fabbri, manager of the Campbell Ave. BofA, who was handling the clubs for about the first time.

He got it for being the "worst golfer", although there were a lot of us who felt we deserved that honor.

Ed has proudly placed his trophy in a prominent spot on his desk at the bank.

Another trophy winner was Carl Kuhn, assistant to City Manager Bob Stephens.

Carl, who counts the time he has played golf on the fingers of one hand, received the trophy for being first in the Callaway system of counting strokes.

Wait 'til next year!.

-0-

CAMPBELL'S CITY Council now facing the problem of immediately selling $325,000 of the park bonds, at least knows that there will be $80 available in the city coffers earmarked for playground equipment in the "new" Rincon Park.

Less than a week after the $625,000 park bond was passed, the Women's Service Club of Campbell contributed $80 to the city for the park. (Actually through a bookkeeping error the first check was made out for only $49.41 but $80 was the amount the women had voted and they brought in the $30.59 later.)

We think that was one of the most commendable civic gestures that has occurred in recent years in this community.

True, 80 bucks might seem like a small amount in face of the total $625,000 bond issue or the $3.7 million city budget.

But this was a completely voluntary contribution from a small civic group.

We congratulate the ladies, for it indicates their collective pride in their community.

To coin a phrase, oak trees from acorns grow.

Pet zoo, another gas station come before Planners Monday

Requests for a pet zoo to be located in the Kirkwood Plaza and a service station to be located north of the San Tomas Shopping Center are scheduled for the Planning Commission agenda next Monday, July 7.

Ira Kirkorian, developer of the Kirkwood Plaza Center has filed for a use permit for a pet zoo to be located in the parking area of the center just west of the Round House liquor store.

The application for the service station has been filed by Leuden F. Bennett and Lee R. Colvett. The station would be located on a commercially zoned parcel.

Also on the agenda is the zone change application of Pan Pacific Properties from R-1 to C-1-S at 262 Sunnyoaks. This is the second time around for the applicant who desires to build a convenience market at the location.

Pan-Pacific was turned down by the Planning Commission and lost on the appeal to the City Council to have the property zoned C-H (highway commercial) because it was felt that the highway commercial zoning should not be extended on Sunnyoaks.

At the time of the first application petitions were filed from many residents in the area approving the convenience center.

Plans for a warehouse building at 240 Vietenheimer Lane by F. Oldham are also on the agenda for approval.

Two separate zone change requests from single family to multiples are also scheduled to be up to bat.

Council meets with "Arriba"

Last night (Tuesday) after press time, the City Council held a study session in the Council Chambers with representatives of the United Progreso Arriba to discuss various aspects of the acute housing problem in the city.

The study session was set on Monday, June 24, after about 65 members of the United Progreso Arriba had staged a "march" on the City Hall when the City Council was in session.

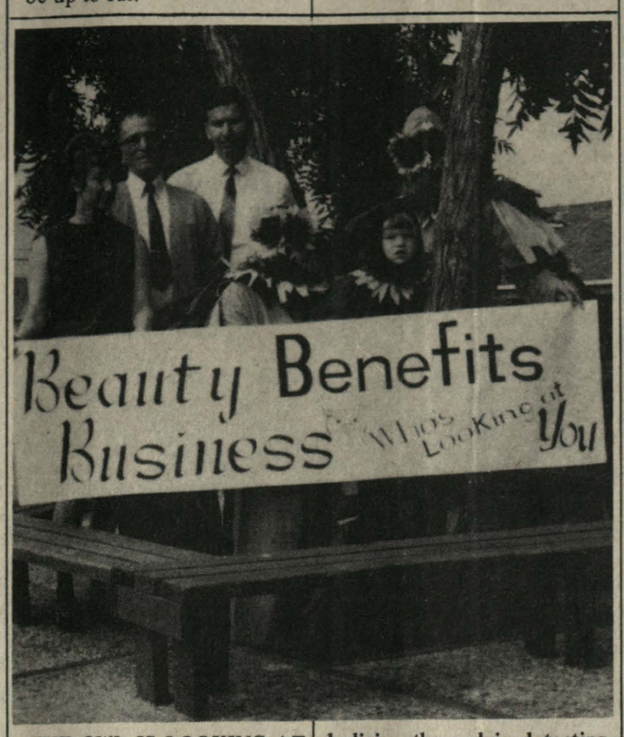
Paul Roybal, of 101 Gilman, the leader of the march, requested the study session as one of three points of their demands. They also asked that all demolition of houses within the city be stopped and that the City look into all of the alternatives to provide both temporary and permanent housing.

Parcel post weight limit gets increase

Parcel post weight limit is now 40 pounds for shipments between first-class post offices, Postmaster Jim Hurley has advised. The increase was effective July 1.

The previous limit was 30 pounds in the third through eighth parcel post zones, more than 150 miles, the postmaster said. In parcel post zones one and two, the ceiling has been 40 pounds for packages sent locally.

The maximum size of the packages remains at 72-inches in combined length and girth, he said.



THE OWL IS LOOKING AT YOU---A group of owls in the tree at the San Tomas Shopping Center is out advertising the kickoff of the 1969 Business Beautification Contest. The committee will be symbolizing the owl in detecting the accomplishments businessmen of the community will be making toward the beautification and anti-litter projects throughout this contest.

Behind the owl costumes are Mrs. June Bothman and Mrs. Rose Gomes with Michael Kennedy as the not-so-happy baby owl. With the owls are Mrs. Jeanne Kennedy, chairman of the Business Beautification contest and Leuden Bennett and Lee Covett, owners of the San Tomas Shopping Center which won the beautification contest last year.

The contest winners will be announced Sept. 25.

MORE ABOUT

City budget

(Continued from Page 1)

$301,000 and expenses to $24,000. The original figure did not break down the expenses.

During the budget sessions, by slightly cutting and adding to the city manager's recommendation, an overall reduction of $4,532 was realized in the general fund, largely due to the elimination of a word processing installation that had been recommended.

In August when the "estimates" of the past fiscal year are "firmed", the City Council has indicated that another $50,000 must be found for the reserve fund or more cuts will be necessary.

It is a Council policy that the reserve fund must total at least $50,000 at the end of the fiscal year. The preliminary budget only shows $1,250 in account on June 30, 1970.

Higher assessed valuation than anticipated will aid in this fiscal maneuver, as well as increases in state subventions.

The City of Campbell now, for example, based on the special Department of Finance census has now a population of 24,200, compared to the city guess of 23,775. Estimates also indicate that by 1975 the population will be 39,700 and in 1980 the figure is 41,300.

Letters to the Editor

LID GOES OFF

Dear Mr. Vierhus:

All property owners in the State of California should be made aware of the fact two years ago on August 4, 1967 nine printed lines were inserted in a 48 page bill on school financing. (AB 272, 1967) The bill passed in both the Assembly and Senate of California.

This clause reads as follows: "On and after July 1, 1971, the maximum tax rates prescribed by Sec. 20751 and any other applicable provisions of this code shall have no force or effect and shall be inoperative with respect to any school district.

It is the intent and purpose of the Legislature that school district governing boards have prime and direct responsibility for the development of budget and expenditure programs, together with full authority to fix tax rates which they deem necessary to support the educational programs of the district." WITHOUT APPROVAL BY VOTE OF THE PEOPLE on any local school tax increase.

Present law establishes maximum tax rates which school boards may set without going to the people for approval. Nearly all school districts in the State have reached this maximum, and therefor must obtain a vote of the people before levying each new tax increase, which is called an "Override".

An initiative measure has been introduced to place this matter on the ballot by Mr. Ranold J. Kennedy, Box 295, Penryn, California, 95663. There is now a period of 90 days in which to collect 325,173 valid signatures to qualify the measure for the ballot. Mr. Kennedy needs the assistance of all qualified tax payers to assist him in repealing Section 20751.1 of the Education Code.

If not and this murderous clause remains on the books then the "lid goes off" school taxes in 1971 and there is every reason to expect enormous increases in local property taxes as no voter approval is needed. Interested persons should contact Mr. Kennedy "at once".

Thank you,
Worried Taxpayer

place that brought Campbell's one and only skyscraper up to the 15-story height, making the steel framework visible for the first time, across town, as it rises above the trees and other buildings.

Bill Means and Earl Nichols, of Campbell Drugs, called our attention to the fact that for the first time since the construction started, they can see the steel rising into the sky.

Now they can mix their pills and still keep an eye on the most dramatic construction in Campbell's history.

If we tried real hard we could say something about how those prescriptions can really put iron in your blood.

But we won't. That's too far-fetched.

Besides we are talking about steel. Not iron.

Or is it the same?

We remember that Thayer Lyons corrected our terminology with respect to cement and concrete.

We don't know much about construction terms.

Or had you noticed?

But we enjoy watching "The Towers" tower.

Provided our neck doesn't give out.

Thieves take mower

A lawn mower engine valued at $175 was removed from the Campbell Pony League storage shed at 540 W. Rincon Ave. last week. The thieves unbolted the motor and made off with it during a time when the ball field was not being used.

Calvin Wilson, 535 W. Hamilton Ave. left electrical saws and sanders stored in a truck and returned to find them missing. Wilson valued them at $315.

Furniture belonging to Adrian E. Graham, 1110 Shadle Ave. was nearly removed from the residence after someone removed a screen from the bathroom window and then proceeded to start "stock-piling" all of the home furnishings out in the patio area. The burglar was apparently scared off before he could complete his "un-furnishing", but did make off with several portable items including a TV.

At home in Sacramento

MRS. LARRY WAYNE JONES

Miss Katherine Ann Plat was a lovely picture in her wedding gown of French imported lace as she was escorted down the aisle of St. Lucy's church by her uncle, Leo Silva. Meeting her at the altar was her bridegroom, Larry Wayne Jones. The young couple exchanged their double wedding vows before Father O'Keefe.

The radiant brunette bride's gown, which she had made herself, was hand beaded with pearls, a lace train and long belled sleeves. The bodice was of imported French poi de soie and she carried a bouquet of seven long stemmed white roses. Her silk illusion veil was held in place with a pearl cornet.

Preceding Kathy down the aisle was Mrs. Michael Baker as matron of honor, in a mint green long empire gown of nylon organdy fashioned with a stand-up collar with full sheer sleeves. She carried three long stemmed yellow roses.

Three bridesmaids, Kendra Brotherton, Keven Plat and Kelly Plat were dressed in identical gowns and carried yellow roses.

Kathy is the daughter of the late Edward Plat and Mrs. Edward Plat of Peggy Lane. For her daughter's wedding Mrs. Plat wore a sleeveless dress of lavender crepe with a printed silk chiffon coat with long full sleeves and an orchid corsage.

Kathy was graduated from Campbell High School and just received her BA in Home Economics from San Jose State where she was a member of the American Marketing Association.

The bridegroom is the son of Mrs. Robert Marquez and Roy Jones, both of Yuba City. He attended colleges in Yuba City, San Jose and was graduated from Sacramento State. Larry will enter the navy in September.

Mrs. Marquez chose a blue lace dress accented with a white orchid corsage for the occasion. Serving as best man was Danny Burton while the guests were ushered to their seats by Vern Moffitt, Ron Yamachi and Ron Yoshimura.

Following the afternoon ceremony the newly-weds greeted their guests in the garden of Mr. and Mrs. Leo Silva, where the four-tiered wedding cake was shared with 100 guests. Before leaving for the wedding trip to Lake Tahoe the new Mrs. Jones changed into a pink linen dress and jacket ensemble.

Mr. and Mrs. Jones will be making their home in Sacramento where the bride is employed by Weinstock's department store.

Grangers enjoy active month during June

June was an active month for the Orchard City Grange, No. 333, with members observing Father's Day at the first meeting of the month and enjoying a reading given by R. B. Gallant of Sunnyvale at the second meeting.

Boutonnieres were presented to all of the men at the Father's Day meeting and entertainment for the evening included two Father's Day songs sung by Ted Bohn, lecturer accompained by Mrs. Mildred Tippett. Refreshment chairman for the evening was Mrs. Frances Schlueter.

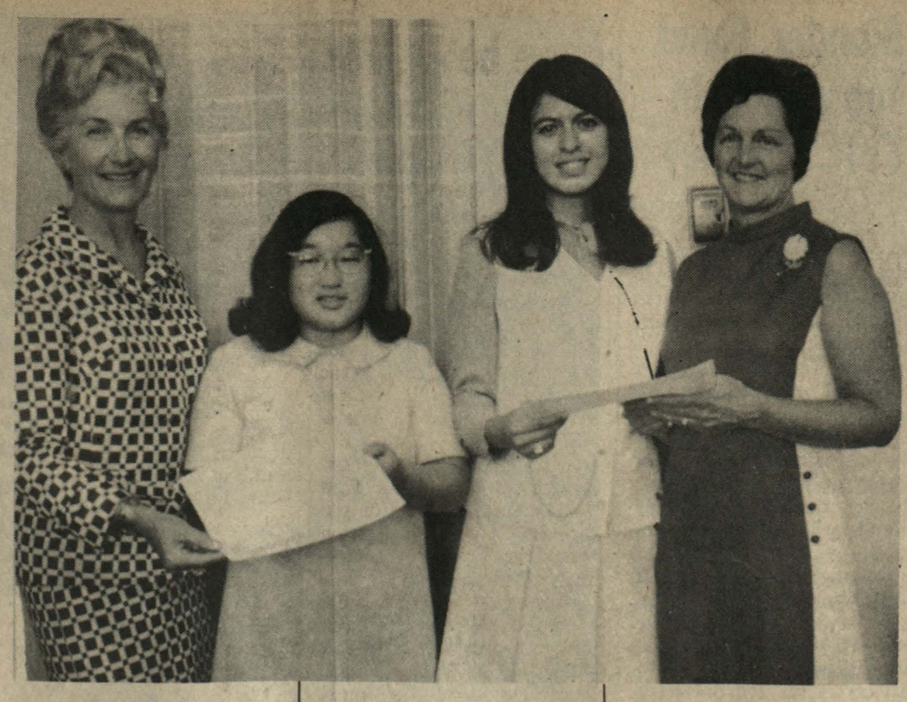
Pro-tem officers for the second meeting of the month included Werner Raab, overseer; Tim Tippett, executive committeeman and Adrain McMahan, steward. Mr. and Mrs. Perrin Martin also served as assistants to the steward.

A work session is being planned for July 11 by the C.W.A. committee chairmaned by Mrs. Hazel Nelson. The workday will start at 10 a.m. and the ladies are requested to bring a sack luncheon.

A rummage sale is also being scheduled by the grange for August, and members are being asked to save their throw-aways for that time.

A resolution urging the saving of the San Francisco Bay was read by McMahan and will be forwarded to the Pomona Grange for action. A report was also given on the purchase of a new heating and cooling system for the Grange building.

Mrs. Dorothy Keesling was in charge of the refreshments for the evening.



SCHOLARSHIPS AWARDED---Mrs. George Van Sickle, outgoing president of the Women's Service Club of Campbell, on the left, presents a scholarship certificate to Karen Nagahara, while Mrs. Virgil Greenley, scholarship chairman, right, shows Eileen Gurrola her certificate.

WSC presents scholarships

The Women's Service Club of Campbell concluded their very active year with a luncheon meeting at which time the new officers for the year were installed.

During the afternoon, scholarships were presented to Karen Nagahara and Eileen Gurrola, both graduating seniors from Del Mar High School, to continue their education. Karen has been accepted at San Jose Hospital School of Nursing and Eileen will attend West Valley College and then transfer to a four year college, majoring in education.

The WSC has traditionally given at least one scholarship to a girl graduating from the Campbell High School District, and this year two outstanding girls were chosen for the honor.

New officers for the organization include Mrs. Daniel W. Allison, president; Mrs. Oliver Buehner, first vice-president; Mrs. W. Y. Richardson, second vice-president; Mrs. L. W. Besack, secretary; Mrs. C. F. Helmbold, treasurer and Mrs. George Van Sickle, historian, and outgoing president.

The Women's Service Club was organized 40 years ago and has had as it's main objective to give service to the community.

Projects for this year have included, besides the scholarships, camperships to the YMCA, contributions to the Goodwill rebuilding program; playground equipment for the new Rincon Park and a contribution to the O.I.C. job training program. Funds for the projects are raised from many activities including a very successful fashion show

Mrs. Montrezza installs Garden Club officials

A tea party held in the lovely new home of Mrs. Rene Montrezza was the setting for the installation ceremonies for the Blossom Valley Garden Club.

Installed by Mrs. Montrezza, as president for the coming year will be Mrs. Andrew Graham. Serving with her for the coming year will be Mesdames Ellison Hoey, Eugene Riggs and Clarence Detwiler, first vice-presidents; Claude Barham, second vice-president; Thomas Hiland, recording secretary; Oliver Buehner, treasurer; William Blue, ways and means and Andrew Grahm and Hoey, garden therapy.

Other committee women for the year will include Mrs. D. K. Morris, historian; Mrs. Sherman Lombard, garden consultant; Mrs. Thomas Wheeler, publicity, Mrs. John Henzie, sunshine chairman; Mrs. Paul Sickinger, telephone; Mrs. Edna Stack, hospitality and Mrs. Galen Thompson.

Pasterak elected Grand Knight of K of C

Irwin F. Pasternak was elected Grand Knight of Bishop O'Dowd Knights of Columbus Council No. 3474 of Campbell-Los Gatos-Saratoga for the 1969-70 year at the June 4 Council meeting.

For the past several years Pasternak has been an active member in the Knights, serving as Recorder in 1967-68 and Deputy Grand Knight in 1968-69. He succeeds John Ahearn, Sr. who was elected a trustee.

Other officers elected are Frederic Baker, deputy grand knight; Roland Alix, chancellor; James Kocher, warden; Arthur Rebello, advocate; Frank Feally, treasurer; Edward Sommer, inside guard; Ralph Wimer, outside guard; James Cunningham, outside guard. Gerald Nadler was appointed financial secretary and J.F. "Bud" Levenberg was appointed lecturer.

Elected to the Building Committee for three year terms were Jay Hansen, James Kilkenny and James Kocher. Levenberg was elected for a one year term.

All officers assume their offices at the Wednesday evening, July 2, meeting.

FIREWORKS SALE

St. Lucy's Men's Club will be holding their annual fireworks sale this week and during the Fourth of July. Their stand will be located in the Campbell Plaza parking lot across the street from St. Lucy's.

ATTEND CONVENTION

Mr. and Mrs. Dave Buchholz, commander and president of the American Legion West Valley Post 158 and Auxiliary unit, recently returned from attending the American Legion state convention in San Diego.

DANCE TONIGHT

Campbell High School students will be able to dance to the music of "Proud Flesh" at the Buc's Cove recreation center at the Campbell High School tonight, July 2. Admittance will be $1 for students without admittance cards and 50 cents with the card.

Auxiliary installs Mrs. Buchholz

Mrs. Elaine Buchholz was installed as president of the American Legion Auxiliary, West Valley Post 158, in recent joint ceremonies conducted with the members of the post in the Legion Hall on Dell Ave. With Dave Buchholz having been installed as commander of the post, the husband and wife team should be able to work well together and both auxiliary and post look forward to an eventful year.

Other auxiliary officers for the new year include Mrs. Laura Chivers, secretary-treasurer; Mrs. Elaine Stann, first vice-president; Mrs. Louise Fairchild, second vice-president; Mrs. Marion Berridge, chaplain and Mrs. Emily Berry as past president.

The next meeting for the auxiliary will be held on July 18 with a potluck supper with the men planned for July 25. This will be a social evening with games enjoyed following the dinner hour.

Members of the auxiliary will serve as hostess for a dance at the Palo Alto veterans hospital dance on July 29.

During the recent installation ceremonies two members, Mrs. Vera Gale and Mrs. Genevieve Case, were presented with 50 year pins signifying 50 years of continuous membership in the organization which had its inception in 1919.

The American Legion auxdaughter or sister of a member of any American Legion Post.

PHARMACY PHACTS

By Allan Blaine

A Soviet chemist has claimed to develop a miracle drug that overcomes sadness, fear, alarm, fatigue, timidity, irritation and bad moods.

* * * *

A Private was recently discharged from the army because he wears a 16½ shoe, width EEEEE. The army has no such shoe.

* * * *

An old fashioned belief was that onions were good for the complexion and nerves. Onions were also used in poultice form for earaches and colds in the chest.

* * * *

Oleander, a common outdoor woody shrub in warm climates, contains a poison similar to digitalis in its reaction on the heart. Meat skewered on oleander branches has caused death.

* * * *

Every four years man is adding as many people to the earth as were living when Christ was born.

* * * *

The body temperature falls during normal sleeptime even if the person is awake.

JayCees sell fireworks for Fourth of July

Those energetic Campbell JayCees and Jaycettes are at it again! This time they are manning a fireworks stand at the Rolling Hills Shopping Center, corner of Hacienda and San Tomas, with the proceeds to go to additional facilities at the Eastfield Home playfield, one of the many JayCee projects.

The charming Jaycettes will be busy selling fireworks from 2 p.m. until the men can take over after work and keep the booth open until 8 p.m. on Monday, Tuesday, Wednesday and Thursday, June 30 to July 3. The booth will be open on the weekend 10 a.m. to 8 p.m. and on July 4.

Safe and sane fireworks can also be ordered from the JayCees and Jaycettes, and as an added incentive, a free ice cream cone will be given to the customers purchasing $5 or more in fireworks.

Phillip Auger is chairman for the fireworks project which will feature Red Devil fireworks with which to celebrate the Fourth of July.

NEW V. P.---Mrs. P. L. Zimmerman of Campbell, right, is the newly elected second vice-president of the San Jose Young Women's Christian Association. Here, she smiles over summer plans for the Cambrian Center of the YWCA while working with Mrs. Robert M. Wilson of San Jose, who was re-elected president.

OUTDOOR SCHOOL---Donald A. Stoner, who normally teaches biology on the Campbell campus of West Valley College, explains rudimentary leaf structure to a much younger set during the college's "Summer Outdoor School" for children ages 9-12. Each two-week session of the school covers natural and earth sciences, arts and crafts, camp craft, and physical education from 8:30 a.m. to 12:30 p.m., five days per week. New sessions on the Saratoga campus of West Valley begin on July 7 and July 21. All inquiries should be directed to the office of community services, 379-1733, ext. 58.

Blonder, Gould top golfers in CofC tourney

Four trophies were awarded to the winners of the first annual Chamber of Commerce golf tournament in which more than 80 players participated at Riverside Golf Course last Thursday.

There were 10 other prizes awarded of merchandise orders on local stores.

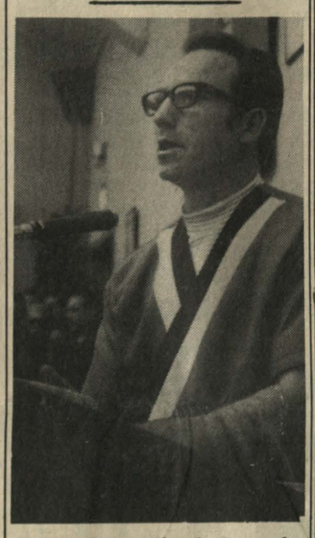
Bob Blonder, chairman of the tournament, won the low gross trophy with a score of 79 while the Rev. W. H. (Ben) Gould collected the low net trophy with a score of 70. Two others, Sam Franks and Jerry Kliman, tied with Gould for low net but lost on the toss. They received merchandise prizes. Kliman got a $15 gift certificate from Breuner's and Franks received five gallons of paint from Walker Paint Co.

Carl Kuhn took home the trophy as Callaway winner (no handicap) while Ed Fabbri was awarded the worst golfer cup.

Jim Schafer was second in Callaway and received a picture from Sherwin-Williams; third Callaway went to Len Edholm and a $10 Breuner gift order; fourth, Ken Fetterman, $10 at Jeffer's; fifth, Dwight Wadlow, $10 at Jeffer's; sixth, Dave Finch, gift, courtesy of Pacific Telephone; seventh, Frank Tomasello, Aero Pharmacy gift.

Al LaPlante won a $5 gift certificate from Jeffer's for the longest drive and Lou Jenkins "for closest to hole", a gift from Campbell Drugs.

Seven door prizes were also awarded at the barbecue that followed the tournament when the awards were made.



INJURED --- Chuck Cannady of 237 Hollis Ave., popular leader of the Campbell-Moreland Pony League, will be out of action for several weeks as a result of an injury suffered when a bag of cement came off a conveyor belt and hit him in the back, fracturing several ribs and causing a muscle spasm.

Cannady's injury comes at a particularly bad time as far as the Campbell-Moreland Pony League is concerned. The league has built a modern ball field at the Rincon Park but is desperately in need of funds. When hurt, Cannady, president of the league, was in the midst of a drive to get merchants to place ads on the outfield fence at the ball park at $175 each to help the league out of its financial straits. Cannady's phone number is 374-0986.

Police win

The Campbell police and fire departments met for the seventh time at the ball park in a friendly game of baseball.

The police department, having lost three years in a row, managed to come out on top this year with a score of 13 to 7.

Pitching for their respective teams were Fire Chief George Maxwell and Police Chief John Morgan. Hitting home runs were Vern Lund from the fire department and Morgan and Rex Noyer from the police department.

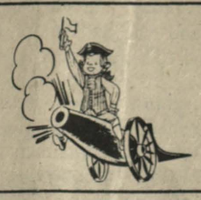
LL triple play

What is reported to be the first triple play in the league's history took place last week in the minor division of the Campbell Little League in the Kiwanis-Optimist game.

An Optimist batter lifted a fly into right field which was caught by Wayne Downey who then threw to Ray Williams on first base and caught the runner off the bag.

Williams then threw to Rickey Rife at third base who tagged the runner coming in to the base.

WARNING --Fire Marshal Gene Borden explains to a group of youngsters on Mc Bain Court what an illegal firecracker is and how dangerous it can be. The Fire Department is making its annual plea to be careful with all types of fireworks. The fireman, based on many sad experiences, claims there are no "safe" fireworks.



Policemen act as horsemen

Campbell may fast be becoming a metropolitan area city, but the Campbell Police Department force is still being called on to make like cowboys and take care of stray horses.

Over the weekend the residents of Ontario, Steinway and Hacienda avenues were startled to find horses in their yards and as one unhappy resident said over the phone to the police matron, "Lady, you won't believe this, but there's a horse eating my lawn".

Apparently three horses, pastured in Los Gatos, got loose during the early evening hours and by 11 p.m. amazed Campbell residents found horses in their yards helping themselves to green grass.

The police officers were quick to corral the stray animals--who turned out to be Shetland ponies, and the "horse calls" tapered off.

Recently the police department was called upon to locate a veterinarian as well as an ambulance when a girl motorcyclist hit a horse that had wandered into the road, and the horse was also injured in the collision.

FREE YOU GET A BEAUTIFUL COLONIAL DOLLAR KEY CHAIN WITH A CLASP THAT WON'T SPRING OPEN.

FREE YOU GET A SPECIAL REGISTERED NUMBER THAT'S YOURS AND YOURS ALONE.

Come to any Colonial Savings office between July 1 and 10, and never worry about losing your keys again.

This latest service from Colonial Savings is much more than a give-away. It's a very practical and sensible way to keep your keys.

At the same time you pick up your key chain, you'll get a prepaid postcard. Fill it out with your name, address and registered number on the back of the coin and mail it to us. Then, should you lose your keys, the finder can put them in any mailbox as directed. When we get the keys, we look up the number and send them right back to you. After all, we have a reputation to uphold...as a pleasant association.

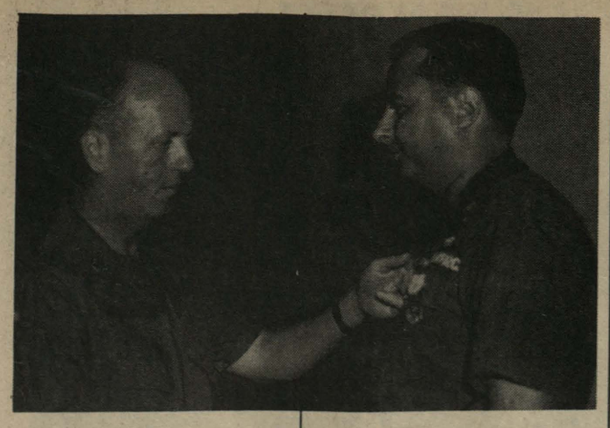
COLONIAL OFFERS A FIVE-YEAR GUARANTEE ON MONEY

(One guarantee that gives you your money back plus 30%)

Colonial now guarantees you 5¼% interest, compounded daily for five years...or four years...or three years (we even let you decide the time). That means your money will grow 30% if you take the five-year plan, giving you an average yield of 6% per year. When you come in, find out how easy it is to open one of these new high-yield accounts.

Colonial Savings and Loan Association / Home Office: San Francisco



DISTINGUISHED SERVICE CROSS—Mr. and Mrs. Joe Salvador, owners of the Railway Builders Supply at 264 Railway Ave., have received word that their son, Major Renalds D. Salvador, on the right, has been awarded the Distinguished Service Cross for a mission flown in Vietnam. As a rescue crew commander, his unit was responsible for rescuing a downed F-4 pilot from an area held by enemy forces.

A San Jose State graduate, Major Salvador is married and the father of four children. He is presently stationed in Alabama.

Major Salvador is shown receiving the award in Vietnam.

Registration by mail at college may reduce long waiting lines

Registration by mail will cut down on long waiting lines at West Valley College in the Fall semester, if plans currently being laid by college officials are successful.

Donald R. Ziegler, dean of admission and records, said the new registration procedure will be tried for some 2,500 continuing students in the Extended Day or evening programs for the 1969-70 school year.

On a trial basis, all such continuing Extended Day students will be permitted to pick up a registration packet in the Office of Admissions and Records on the Campbell campus, take it home, fill out a few simplified forms, and return the packet, by mail, to the same office. These students must bring previously issued identification cards or their Social Security numbers with them.

Those who may register by mail, Ziegler said, are students who meet the following conditions:

1) Applicants who are continuing students (those who were registered for the Spring, 1969 semester).

2) Applicants who wish Extended Day classes only.

3) Applicants who are residents of the West Valley College district, or have a release on file.

Those students who meet these qualifications can pick up the registration packet in Room A-17 on the Campbell campus, on any day or evening as follows:

July 7 through 31, from 9 a.m. to 4:30 p.m.

July 7, 8, 10, 14, 15, 17, 21, 22, 24, 28, 29, and 31, from 6 to 9:30 p.m.

The forms must be returned to the Admissions and Records Office by Aug. 8, and students will be notified of their completed registration by return mail. All students who avail themselves of this registration program will have courses assigned prior to the beginning of "in person" registration, Sept. 2-3.

Ziegler believes that the "ultimate advantages of the registration-by-mail program are to be found in the convenience to the student that the system affords.

"It obviates the necessity for him to appear on campus to enter the 'ring' to scramble for courses with many other students", he said.

It is emphasized, however, that the program does not apply to regular day classes.

Those failing to take advantage of the mail registration program can still register in person on Sept. 2-3, but these students too, must pick up a Permit to Register in the Admissions and Records Office, beginning July 7.

Campbell residents receive degrees from San Jose State

Campbell residents receiving degrees in commencement exercises conducted recently by the San Jose State College included the following:

Katherine Ann Plat, BA, Home Economics; Karen Wagner, BA, Home Economics; Jamie Alexander Parsons, Jr., BA, Ind. Arts; Leta Marie Johnson Hawley, BA, Home Economics; Sally Bryce Cali, BS, Occupational Therapy and Dianne Elizabeth Morris, BS, Occupational Therapy.

Susan Lee Adams, BA, Physical Education; Patricia Jean Smith, BA, Physical Education; Eugene O. Stone, BS, Business; Fred R. Templeton, BS, Business; John M. Peterson, BA, Engineering; Dennis M. Brent, BA, English; Rocco S. Genovgse, BA, English and Sandra E. Straw, BA, English.

Daniel L. Bloomfield, BA, History; Lynn B. Hoenicke, BA, Psychology; Catharine A. Peters, BA, Psychology; Laurance S. Dempsey, BS, Business; James H. Malone, BS, Business; Alex B. McIntosh, BS, Business and Phillip C. Perry, BS, Industrial Relations & Personnel Management.

Paul Joseph Hamel, BA, French; David T. Robinson, BA, German; Charles B. Pryke, BA. History; Patricia A. Swift, BA, History; Valarie M. Vine, BA, History and Christopher A. Olson, BA, Political Science.

If the human race ever ceases to exist and in some post-historic age is marked only by a few fossilized remains, the cause will not be man's inability to cope with nature - rather, it will be because he was too good at it. To put it differently, he will have been too proficient in certain narrow scientific fields and too neglectful of the science of ecology, i.e., the balance of nature.

Millions of years ago nature produced primeval forests which are today's supply of coal. Prehistoric marine life has developed into our modern petroleum supplies. Now man, with his specialized scientific knowledge has retrieved those assets and is sending them back into the air from chimneys, smokestacks, and exhaust pipes. Six billion tons of primeval carbon are belched into the atmosphere each year and the air we breathe has 10 percent more carbon than 100 years ago.

While specialized scientific knowledge was making human life easier, it was also producing the H-Bomb, exposing an entire generation to the effects of Strontium 90, and building machines which pour pickling acids into water, rivers and lakes to ruin them for all time. We are floundering in a sea of cans, non-returnable bottles, Kleenex tissues for every sneeze, smog, sewage, radiation, and DDT. We have committed every imaginable offense against nature and are continuing to pollute our environment.

As Lord Ritchie-Calder, well-known author on ecological subjects, has said, "We have plenty of scientific knowledge, but knowledge is not wisdom: wisdom is knowledge tempered by judgment... At the moment, the scientists, technologists, and industrialists are the judge and jury in their own assize. Statesmen, politicians, and administrators are ill-equipped to make judgments about the true values of discoveries or developments...They blunder into a minefield of undetected ignorance, masquerading as science."

This presents a great challenge to those of us who make public policy. It is up to us to unmask the scientific exploitation of nature and reveal it for what it is – the beginning of a systematic destruction of the human race! We must insist that all science be conducted so as to preserve, rather than disrupt, nature's balance.

Then there is the obvious need for population control. Thirty-five percent of the world's people are already crowded into urban areas and in 55 years everyone will be urbanized. Within the lifetime of a child born today there will be 15 billion people to be fed and housed – four times as many as now. Cities of 1.3 billion inhabitants, 186 times the size of London, will be required. On the Pacific Coast, with Los Angeles already eating up the desert, Highway 101 could well become the main street of "San San", stretching from San Diego to San Francisco.

Science and technology must accept social responsibility. And policy makers must accept the responsibility of imposing it!

(NOTE: This column was inspired by and contains information from a recent article written for "The Center Magazine" by Lord Ritchie-Calder.)

At a recent meeting, I had lunch with eight of the nation's top industrialists. To my surprise I found every one of these business tycoons was actively engaged in his local community effort to meet the the critical need of decent housing for low income families.

Getting businessmen involved in social problems like housing is one clear-cut accomplishment of President Johnson's administration. Programs for the poor have long needed the financial realism with which businessmen approach a problem.

Currently there are signs that the new enthusiasm which has replaced local apathy may be getting out of control. Federal encouragement has proliferated local programs instead of consolidating them. In addition the government's capability to provide funds has been overestimated and has produced false hopes. Now, based upon erroneous facts, frustrated local groups have been led to believe that Congress has not lived up to its promises.

On August 1, 1968, the Housing and Urban Development Act to provide mortgage subsidies and rental assistance for low income families became law. Congress immediately made an advance authorization of $25 million for each program and has now acted to supplement that amount by at least another $40 million for each program for 1969. President Nixon has requested a 1970 authorization which sharply increases the 1969 Johnson request. Congress is presently acting on the 1970 appropriation which will provide for expanding the low income home ownership and rental assistance programs. Under congressional authorizations already made and pending close to 103,000 families will be assisted in their housing needs.

The big problem in the program is the limitation on new construction of $15,000 for most areas and $17,500 in higher priced areas. With building trades wages now approaching $10 per hour including fringe benefits and with escalating land values, it simply isn't possible to finance new low income family homes under such ceilings.

New approaches must be found. First of all, as HUD Secretary George Romney has suggested, we need a breakthrough in construction techniques so as to lower costs. Then it is necessary to recognize that new construction will often be priced beyond the reach of the poor. So instead of tearing down substandard dwellings with urban renewal projects and by condemnation they should be rehabilitated. No longer can we tolerate the destruction of substandard housing for low income families which is not replaced.

Local government has the power to condemn substandard housing and sell it to a public agency which will rehabilitate the dwellings and resell to the nation's poor under federal subsidies. That power should be used!

Local enthusiasm is good and necessary if this tremendous social problem is to be solved. But it must be tempered with realism. Housing which can be brought to standard should never be destroyed. Much as we want to see every American in a brand new home, we should first be sure that every American has a decent home.

SCHOLARSHIP WINNER

Steven Ireton, son of Mr. and Mrs. Steven Mauro, 3932 Via Salice, has been named recipient of a Sealbearer Scholarship to Central College at Pella, Iowa. The college is coeducational. The "Sealbearer" rating is awarded California high school seniors by the California Scholarship Federation.

Campbell Theatre Arts Association plans concert

The Campbell Theatre Arts Association which plans to produce a varied entertainment fare, will present their first "film-rock" concert early in August at the Gaslighter Theatre in Campbell.

Planned for their first production, are 24 original songs by 19-year-old David Larson accompanied by a film made by 18-year-old Mark Goodman and produced by Goodman and Ira Rubin.

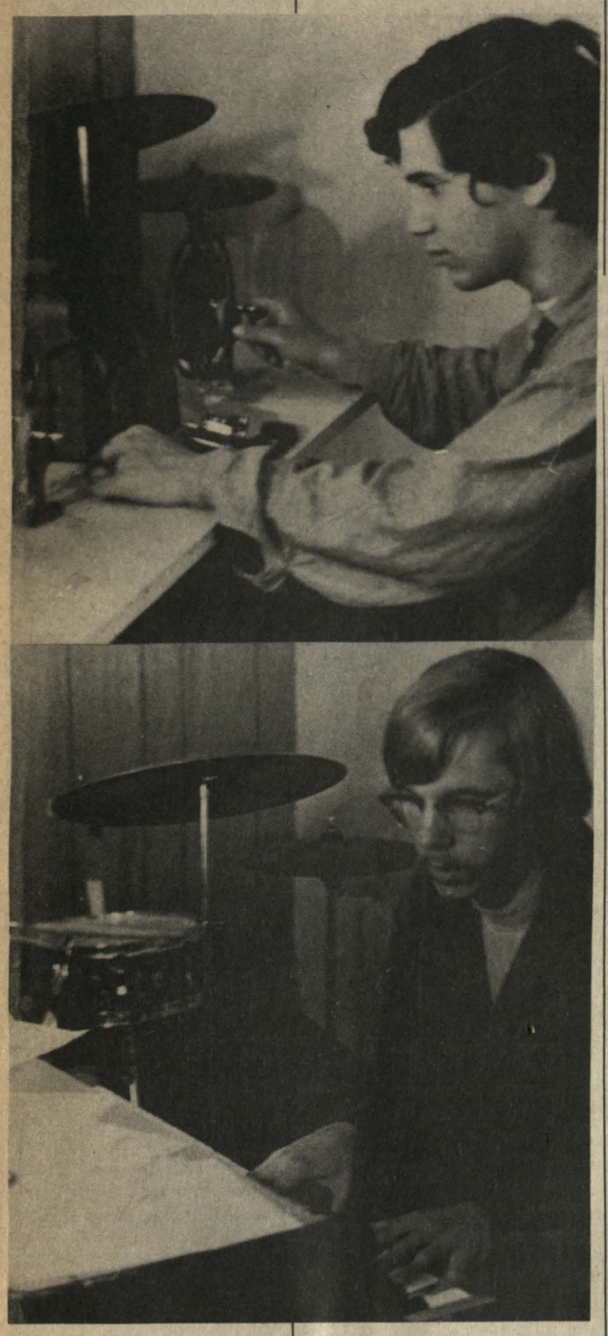
This concert, which is aimed to attract more of the student crowd, will be performed by a group of six musicians with David Larson at the piano and organ; Robert Ingram, lead guitar; Van Riley, bass guitar; Rubin on the drums and Gwen Davis and Bill McPherson handling the vocals.

Larson and Goodman have both had school productions behind them and Larson has written over 60 songs to date.

The Campbell Theatre Arts Association, a new organization in the arts field, is backed by the Campbell Parks and Recreation department. Members of the board of directors include William H. Deal, West Valley College Community Service representative; Len Edholm, Campbell Chamber of Commerce manager; Rev. William H. Gould, First United Methodist Church of Campbell minister; Mrs. Edith Morley, Campbell Parks commissioner; Neal Royer, Campbell Union School District superintendent and Karl Kuhn, City of Campbell assistant manager.

The association hopes to present professional drama, musical comedy, children's theater and experimental theater productions and the broad outline includes involving all age groups and the entire community.

For further information about the organization or the August concert, phone 292-7659.



TO PRESENT "FILM-ROCK"---Mark Goodman, top is teamed with David Larson in presenting the Campbell Theatre Arts Association first production scheduled for August.

Miss Montesano leaves for San Salvador

Janice Montesano, a Camden High School senior, left Sunday for San Salvador, El Salvador, where she will be spending the next few weeks as a member of the fourth annual Ambassadors in Mission program of the Assemblies of God church.

Miss Montesano, the only delegate from this area, lives at 808 McGlincey Lane with her parents, Mr. and Mrs. Paul Montesano and her twin sister, Joan. Joan, unfortunately, is spending the summer confined to bed in a cast as the result of a back disability.

Janice, who took the bus to Los Angeles and then flew to Mexico City where she is spending a week, is one of 18 Northern California young people participating in the program. From Mexico City, where she will have an orientation period, she will go to San Salvador for a month before returning home. She will be speaking only Spanish while visiting in the Central America country, and has studied Spanish for three years in school.

PANCAKE BREAKFAST

The popular "7-up Pancake Breakfast" will be served by members of the American Legion Sunday morning, July 6 at the Legion Hall on Dell Ave. from 9 a.m. to 12 noon. The event is open to the public for a nominal charge and Vietnam veterans and their families are invited to be guests of the Legionnaires for breakfast.

YMCA new director to start Aug. 1

W. F. KIBBY

The Metropolitan YMCA of San Jose and the Santa Clara Valley, which serves Campbell youth through its Southwest branch, will have a new executive director Aug. 1.

Willard F. Kibby of San Antonio, Tex., will succeed Paul R. Meyer on that date.

Meyer, who announced his retirement last February, will be on the job until the end of July. He has been executive director of Metro Y since Jan. 1, 1963.

A United Fund agency, Metro Y's five branches include the Southwest YMCA, headquartered in Los Gatos and serving Campbell and other West Valley communities.

Kibby was the first choice for the job among 50 possible candidates nationwide,

Bible school opens July 7

Children of the community, ages 5-14, are invited to attend a two-week vacation Bible school to be conducted by the Seventh-day Adventist church at their West Valley School, 95 Dot Ave., Campbell, beginning Monday morning, July 7, according to Elder Eugene Sample, pastor of the Campbell church.

The week-day sessions will be from 9 to 12 each morning, and will include crafts and nature study as well as Bible study and supervised activity games.

Primary and junior students will have a special workbook made up of puzzles, completion tests and other exercises.

Mrs. Claude Morgan of 581 W. Rincon Ave. is directing the school.

There is no charge for enrollment and graduation exercises will be held at the close of the two-week program. Children of any faith may attend.

TOP SECRETARIES---West Valley College "bosses" gathered at the close of the school year to honor their secretaries who have completed a work-experience program with the school. The students receive practical business training, classroom analysis and financial remuneration for their semester's work with various offices both on and off campus.

Examining a certificate of appreciation are "bosses", from left, Donald R. Ziegler, dean of Admissions and Records; Charles Moran, president of West Valley's faculty senate; Dr. Gordon Aumack, Dean of instruction; and William H. Deal, coordinator of community services, community relations and development. Their secretaries are, from left, Miss Ricki Kodish, Miss Becky Hunter and Miss Janet Zappacosta.

Girl Scouts

NEIGHBORHOOD 17

With graduation time at hand, Girl Scout Troops of Neighborhood 17 bid farewell to girls who become too old for their respective units and move into more challenging programs of sister troops.

Ninety-three fourth grade Brownies from six Campbell schools "Flew Up" this month, out of brown uniforms and into Juniors, where they become eligible to wear green uniforms.

Sixth grade Juniors from Dover, Rosemary, Sherman Oaks, Campbell and St. Lucy's "Bridged" their program interests across troop lines into the Cadette format, where a skirt and blouse become the uniform.

Cadette Troop 13, the only one in Neighborhood 17 for this age girl, has one ninth grader planning to be capped by a sister scout in the last and widest program phase for girls, seniors.

This on-going, open-end, local procedure is being duplicated all over the United States and in foreign lands, as the best Girl Scout way of developing good character traits in young girls.

OREGON BOUND

Mr. and Mrs. Cecil Fuller and their three boys, 6, 8 and 10, of 4637 Vanderbilt Drive have decided to "quit the rat race" in the Campbell metropolitan atmosphere, and are busily packing to leave the end of the month for Medford, Oregon.

The Fullers, who have resided in this area for the last eight years, hope to buy a few acres in the neighboring state and bring their boys up in a more rural area. Fuller has been owner of the Phillips 66 station at the corner of Bucknall and Saratoga, and has just recently sold his business. He plans to go into the service station business in Oregon.

NEW ASSOCIATE PASTOR--The Rev. John T. Brennan has been assigned as the new associate pastor of St. Lucy's Church. He takes the place of Rev. Charles Simpson who has been transferred to St. Gabriel's in San Francisco. Rev. Brennan, who has recently been ordained, has been serving as a deacon at the Church of the Transfiguration. Rev. Brennan is a native of San Francisco and completed his studies at the Menlo Park seminary.

West Valley College issues straight 'A's' to 27 students

A record 27 students turned up with straight "A" averages at West Valley College during the semester just completed, according to Jerry E. Girdner, Dean of Student Personnel Services.

This almost doubled the previous semester's total of 14 students with 4.0 grade point averages.

The increase was reflected in the Dean's List also, in which students are required to make a 3.0 or B average in all of their studies.

Of the 4,051 day students registered, 433 made the Dean's List as compared to 322 last year. In addition, 322 part-time students made the Dean's List this semester, as compared to 258 last semester, an increase from 7.4 per cent to 9.24 per cent.

A total of 2,239 full-time and 3,064 extended day students, or 68.95 per cent of the total student population maintained good standing during the semester, Girdner said.

Those who recorded straight "A's" were:

Mrs. Muriel E. Ballard, Mrs. John T. Beaver, John Donahue, Mrs. Nancy A. Fleck, Robert J. Geffrey, Timothy Looper, Jerry E. Meng, Ronald G. Miller, Mrs. Carole D. Nawrocki, Mrs. Nonna B. Perry, Mrs. Dorothy G. Thompson, Mrs. Catherina J. Ude and Mrs. Joyce H. Wakeman, all from San Jose.

In Los Gatos those straight "A" students are Mrs. Nancy E. Camozzi, Mrs. Carolyn M. Lagasse, Mrs. Marilyn E. Machado.

Mrs. Alice S. Davis, of Sunnyvale joined Mrs. Marilyn M. Dengler, Mrs. Toni L. Gilmore, Mrs. Pat Hill (valedictorian) of Santa Clara in the straight "A" category.

Mrs. Nancy A. Ellis, Mrs. Betty M. Price, and Leland J. Schee, all of Campbell, were also on the straight "A" list.

Saratogans who posted "A"s were Mrs. K. E. Kofnovec, Mrs. Frances D. Woble, Mrs. Sally J. Osier and Marilyn K. Quick.

TIKO HO ENTERTAINMENT FEATURE--The popular Les Czimber Trio, musical stylists, are now being headlined at the TIKI HO restaurant, corner of Winchester and Hacienda. The trio performs nightly, Tuesday through Saturday, for dining and dancing in the exotic Polynesian atmosphere of the Tiki Ho. The dinner club is now being operated by new owners Dave Lopez and Aristotle "Harry" Conom.

Girl Scouts

TROOP 953

The Forest Hill Jr.'s, Troop 953, had the pleasure of inviting their sister Brownie Troops, 202 and 730, for a Bridging Event. The energetic Juniors based their theme on "Our Chalet" the International Girl Scout House located in Switzerland high in the Alps. The program was comprised of a brief "rundown" on just what the girls can expect when they enter the Junior level of Scouting, happy songs and mouth-watering refreshments.

On Friday, June 6, the Troop will hold an International Festival and Court of Awards. They will have food samples to taste, prepared by the girls - with a little aid from Mom - exhibits, and close the evening with the presentation of Awards. What could be a nicer way to round off a year of work in their community,

DINOSAURS

Dinosaurs had no grinding teeth and so swallowed stones to aid in the digestion of their food.

Service Notes

RECENT GRADUATE--Spec. 4 Ronald W. Austin, 20, graduated recently from the Advanced Enlisted Men's Course of the Special Forces Training Group at Ft. Bragg, N. Carolina. The son of Mr. and Mrs. Dale W. Austin of 269 Manchester Ave., Ronald was a 1967 graduate from Del Mar High School. He has been in the U. S. Army since April 1968 and was selected Honor Student of his class upon graduation from the Radio Operator Course at Ft. Ord, Calif.

AF PHOTOGRAPHER--Airman Gary F. Petrey, son of Mr. and Mrs. Howard H. Petrey, 1265 Virginia Ave., Campbell, has received his first U. S. Air Force duty assignment after completing basic training at Lackland AFB, Tex.

The airman has been assigned to a unit of the Tactical Air Command at McConnell AFB, Kan. for training and duty as a photographer. Airman Petrey, a graduate of Campbell High School, received his A.A. degree from San Jose City College and his B.A. degree in art from San Jose State College.

REGULAR ARMY

Army Staff Sergeant Harold G. Exum, son of Mr. and Mrs. Harold E. Exum, 876 Torero Plaza, Campbell, recently reenlisted in the regular Army for six years at Ft. Campbell, Ky., where he is serving with the U. S. Army Training Center.

Staff Sgt. Exum is performing the duties of a platoon sergeant. He entered the Army in May 1966.

He holds the Army Commendation Medal and the Combat Infantryman Badge.

His wife, Polly, is with him at the fort.

Fair to accept art entries on July 19-20

For the second successive year, art entries in the Silver Jubilee 25th Anniversary Santa Clara County Fair, Aug. 15-24, will be accepted on two days, July 19 and 20, only, according to William A. Straub, Fair secretary-manager.

Anyone residing in the County may enter any of the five sections of the art exhibit, including oil painting, water color painting, sculpture, graphics, and jewelry-ceramics.

Cash awards of $50 will be made to each first place winner in the various sections. A special award, the Ellen M. Broker Jewelry Award, consisting of $50 and a bronze medal, will be given to the first place entry in the jewelry section. A special $50 Tap Plastics Award will be given to the sculpture making the best use of fiberglas, polyester, or acrylic sheeting.

A best-of-show prize of $70 will be awarded to one of the first place winners in one of the five sections, in addition to the first prize money. Fair premium ribbons will be awarded in all sections.

Straub noted that there will be a one dollar non-refundable entry fee for each entry, with a maximum of three pieces of art per entrant.

A Jury of Selection will reject any work that does not comply with rules and definitions. Due to space limitations, the acceptance of entries to be shown will be determined by the Jury of Selection.

Additional information and rule book-entry form may be obtained from the Fairgrounds, 344 Tully Rd., San Jose, 295-3050.

WIGWAM BIRDS

Indians encouraged purple martins, largest members of the swallow family, to nest in gourds near their wigwams because of the bird's enormous consumption of insects.

DATA TALK--John Sowell, left, assistant operations supervisor, explains the functioning of the County's LOGIC system for data processing to public relations students from San Jose City College. The students, John Romano, Terry Farrell and Bob O'Leary, are part of a team making a news media survey for the County. The Data Processing section will tabulate the students' results.

JOIN UNITED FUND CAMPAIGN--Top area leaders joined together recently to pledge support to the 1969 Santa Clara County United Fund. Shown here are (l. to r.) George Buljan, manager, Penney's, Westgate; Bart R. van Eck, treasurer and secretary, FMC Corporation and president of the Santa Clara County United Fund, and Harry R. Aho, general manager, Breuner's, Campbell.

5% figures very large in our Personal Choice Savings Plans. The easiest way to earn it is with our newest passbook account.

5% Investors Passbook Account.
A minimum of $500 puts it in your name. Additional deposits are made in $100 amounts. Interest is paid every calendar quarter. You can withdraw interest during the first ten days of any calendar quarter. The same goes for withdrawal of principal. Providing, of course, it's been on deposit a full calendar quarter. A 90-day written notice from you will also release funds.

5% Time Certificate of Deposit.
These certificates earn 5% annual interest, payable every six months. They're issued for $1000, or more, and mature every six months. The 5% interest can be credited to a regular savings account. Then your total annual rate exceeds 5%.

Investors Passbook Account

5% Five-Year Guaranteed Certificate of Deposit.
This plan assures your future rate of return. Certificates are issued for a minimum of $1000 and in multiples of $100 above the minimum. The 5% guaranteed annual interest is paid or credited every 3 months over a 5 year period.

4% Regular Savings.
The most popular plan in Personal Choice Savings. You can put any amount of money in. And take it out, anytime. Interest is computed daily, compounded and paid quarterly when it amounts to a dollar or more. Actually, this is the highest rate allowed by law on this type of account.

Individual needs are important to us. Drop in at any of our 950 branches. We're always ready to help you get ahead.

TROOP 318

Following a pot-luck supper in the Ida Price cafetorium Tuesday, Scouts of Troop 318, and their families participated in a Court of Honor program.

Guest of honor, Robert Hemmings, a former scoutmaster who reorganized the troop after the original charter had lapsed, related the history of the group since 1962.

After reviewing the Spring schedule of activities including a snow trip, canoe trip, Trail-O-Ree, and Scout-O-Rama, plans for two separate week-long trips to the Sierras were discussed.

The program concluded with honors to scouts Tim Larkin, Mike Avina, Paul Shaheen and Dennis Bouch as new Tenderfoot members; John Goodman and Dan Denike, Second Class scouts; and Rich Stone who earned his First Class badge.

Troop 318 meets every Tuesday evening at 7:30 in the Cambrian Youth center, and is sponsored by the Ida Price Home and School Club.

LEGAL NOTICE

NOTICE OF TRUSTEE'S SALE
No. 23152

On Wednesday, the 23rd day of July, 1969 at the hour of 11:30 o'clock A.M. of said day, at the main entrance to the Santa Clara County Building, 20 West Hedding Street, in the City of San Jose, County of Santa Clara, State of California, the undersigned, HOME AUXILIARY CORPORATION, a California corporation, as trustee, will sell at public auction, to the highest bidder, for cash, in lawful money of the United States, all payable at the time of sale, the following described real property situated in the City of Campbell, County of Santa Clara, State of California:

BEGINNING at a point on the Southeasterly line of Dillon Avenue, 50 feet wide distant thereon 114 feet, Northeasterly of the point of intersection of said line of Dillon Avenue with the Northeasterly line of Central Avenue. 50 feet wide; thence Northeasterly along said line of Dillon Avenue, 47½ feet to the Southwesterly line of the parcel of land conveyed by Manuel Breves to R.J. Leach, et ux, by Deed dated November 20th, 1942 and recorded November 21, 1942 in Book 1121 of Official Records, at page 147; thence Southeasterly at right angles and parallel with said line of Central Avenue and along said line of land so conveyed to Leach, 113.75 feet; thence Southwesterly at right angles and parallel with said line of Dillon Avenue 47½ feet; thence Northwesterly at right angles and parallel with said line of Central Avenue, 113.75 feet to the point of beginning, and being the Southwest 1/4 of Lot 17 and all of Lot 18 in Block 2, as said Lots and Block are designated and so delineated upon that certain Map entitled, "Map of Rucker's Addition in the Town of Campbell, being a part of Sec., 35, T. 7 S.R. 1 W., M.D.M.", which said Map was recorded May 20, 1895 in the office of the County Recorder of the County of Santa Clara, State of California in Book "F" of Maps, at page 39.

Commonly known as 124-126 Dillon Avenue, Campbell, California.

Said sale will be made, without covenant or warranty, express or implied, regarding title, possession or encumbrances, to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by LEO GONEZALO SONORA, a single man, also known as LEO GONZALO SONORA, trustor, to HOME AUXILIARY CORPORATION, a California corporation, as trustee, for the benefit and security of HOME FEDERAL SAVINGS LOAN ASSOCIATION OF SAN FRANCISCO, a federal corporation, dated July 28, 1967, and recorded August 25, 1967, in the office of the Recorder of the County of Santa Clara, State of California, in Book 7834 of Official Records, at Page 52.

Dated: June 5, 1969.

LEGAL NOTICE

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES TO WHOM IT MAY CONCERN:

Subject to issuance of the license applied for, notice is hereby given that the undersigned proposes to sell alcoholic beverages at the premises, described as follows:

1355 Hacienda Avenue, Campbell

Pursuant to such intention, the undersigned is applying to the Department of Alcoholic Beverage Control for issuance on original application of an alcoholic beverage license for these premises as follows:

On Sale Beer Eating Place

Anyone desiring to protest the issuance of such license may file a verified protest with any office of the Department of Alcoholic Beverage Control, within 30 days of the date the proposed premises were first posted, stating grounds for denial as provided by law. The premises are not now licensed for the sale of alcoholic beverages. The form of verification may be obtained from any office of the Department.

LEGAL NOTICE

NOTICE OF TRUSTEE'S SALE
NO. 407838

On the 18th day of July, 1969, at 11:00 o'clock A.M. at the front entrance of the office of Western Title Guaranty Company Santa Clara County Division, 70 North Second Street, San Jose, California, WESTERN TITLE INSURANCE COMPANY Trustee, will sell without warranty at public auction to the highest bidder for cash, in lawful money of the United States, the following described real property, situate in the City of Campbell, County of Santa Clara, State of California, and described as follows:

PARCEL ONE

BEGINNING at a point in the Southerly line of that certain 21 acre tract, more or less, conveyed by Edith A. Smith and George Thomas Smith, to Maude D. Smith, by Deed dated December 24, 1936, recorded December 28, 1936, Book 805 Official Records, page 184, Santa Clara County Records, distant thereon S. 83° 05' W. 521.64 feet from the point of intersection of said line with the Westerly line of the San Tomas Aquino Road, 40 feet wide; thence along the center line of a 40 foot right of way known as Crockett Avenue hereinafter described, N. 6° 40' E. 315.895 feet; thence leaving said center line of Crockett Avenue, N. 89° 44' E. 20.14 feet to the point of the Easterly line of said Crockett Avenue, 40 feet wide, and the true point of beginning of this description; thence running at right angles to the Easterly line of said Crockett Avenue, S. 83° 20' E. 92.00 feet; thence at right angles S. 6° 40' W. 31.768 feet; thence running N. 89° 44' E. 142.58 feet; thence running N. 6° 40' E. and parallel with the Easterly line of said Crockett Avenue, 42.955 feet; thence running S. 89° 44' W. 235.25 feet to the true point of beginning, and being a portion of the premises marked "Cook Tract", as shown on the Map of the Lovell Tract of record in Book F1 of Maps, page 5, Santa Clara County Records.

PARCEL TWO

BEGINNING at a point in the Southerly line of that certain 21 acre tract, more or less, conveyed by Edith A. Smith and George Thomas Smith to Maude D. Smith, by Deed dated December 24, 1936, recorded December 28, 1936, Book 805 Official Records, page 184, Santa Clara County Records, distant thereon S. 83° 05' W. 521.64 feet from the point of intersection of said line with the Westerly line of the San Tomas Aquino Road, 40 feet wide; thence along the center line of a 40 foot right of way known as Crockett Avenue hereinafter described, N. 6° 40' E. 315.895 feet to the true point of beginning of this description; running thence N. 6° 40' E. along the center line of said 40 foot right of way 42.955 feet; thence leaving said center line and running N. 89° 44' E. 255.39 feet; thence S. 6° 40' W. 42.955 feet; thence S. 89° 44' W. 255.39 to the point of beginning, containing 0.24 acres of land more or less, and being a part of the premises marked "Cook Tract," as shown on the Map of the Lovell Tract of record in Book F1 of Maps, page 5, Santa Clara County Records.

PARCEL THREE

A non-exclusive easement, as appurtenant to Parcel One and Parcel Two hereinabove described, for ingress and egress over a road 40 feet wide, known as Crockett Avenue, the center line of which is described as follows:

BEGINNING at a point in the center line of Elam Avenue, 50 feet wide, distant thereon S. 89° 44' W. 510.78 feet from the Westerly line of the San Tomas Aquino Road, 40 feet wide; thence S. 6° 40' W. 725.98 feet, and being a portion of the premises marked "Cook Tract", as shown on the Map of the Lovell Tract of record in Book F1 of Maps, page 5, Santa Clara County Records.

Said sale will be made to satisfy the obligations secured by, and pursuant to the power of sale conferred in, that certain Deed of Trust executed by WYLLIE DEAN SPAULDING and DORIS G. SPAULDING, husband and wife, as Trustor, to WESTERN TITLE INSURANCE COMPANY, a corporation, as Trustee, and CLAUDE R. SMITH and IDA M. SMITH, his wife, as Beneficiary, dated June 29, 1961, and recorded July 3, 1961, in Volume 5217 of Official Records, page 619, Santa Clara County Records.

Notice of breach of said obligations and election to sell real property was recorded in the office of the County Recorder of said County, on February 17, 1969, in Volume 8436 of Official Records, page 381. This notice is given in compliance with the written application made to the Trustee by Beneficiary.

Dated: June 23, 1969.
WESTERN TITLE INSURANCE COMPANY
as Trustee

LEGAL NOTICE

ORDINANCE NO. 685
BEING AN ORDINANCE OF CITY OF CAMPBELL REGULATING AND FORBIDDING CERTAIN ACTIVITIES WITHIN CITY AND COUNTY PARKS

The City Council of City of Campbell does ordain as follows:

SECTION ONE: That a new chapter be added to Article VII of the Campbell Municipal Code entitled Public Works, which shall be designated as Chapter 3 thereof and entitled City and County Park Regulations, and that the following sections thereto be, and the same are hereby enacted as follows:

Section 7211. Protection of Wildlife.

The hunting, injuring, frightening, capturing or in any way harrassing the wildlife in City or County parks is prohibited.

Section 7212. Disorderly Conduct.

Within the limits of any City or County park, it is unlawful for any person to indulge in riotous, boisterous, threatening or indecent conduct.

Section 7213. Protection of Plant Life.

It is unlawful to pick flowers, foliage, berries or fruit, or cut, break, dig up or in any way mutilate or injure any tree, shrub, plant, fern or turf areas in any City or County park.

Section 7214. Gathering of Firewood.

It is unlawful to gather firewood in City or County parks or to collect any other type of plant material for the purpose of building a campfire.

Section 7215. Disfigurement of Property.

No person shall cut, carve, paint, mark, paste or fasten any bill or advertisement on any tree, fence, wall, building or any other structure within any City or County park; nor shall any person damage in any way or cause disfigurement of any park feature or facility.

Section 7216. Regulation of Fires.

No fire shall be built, lighted or maintained within any City or County park area except in a campstove or fireplace provided in areas designated for such purposes provided that oil or gas campstoves may be used for cooking in designated areas, and further provided that in wilderness areas suitable sites may be established where small campfires may be built.

Section 7217. Prohibition Against Firearms and Weapons.

No person shall have in a City or County park firearms, air guns, bow and arrows in his possession, except in those areas where such weapons are permitted and when traveling to and from such designated areas.

Section 7218. Use of Roads and Trails.

Within the limits of any City or County park, no person shall ride any horse or other animal or drive any vehicle, cycle or automobile other than on roads or trails designated for such purposes.

Section 7219. Speed Limits.

No vehicle shall be driven in any City or County park at a speed greater than is reasonable or prudent, having due regard for the traffic on and the surface and width of the roadway, and in no case shall a vehicle be driven at a speed in excess of twenty (20) miles per hour on a park road.

Section 7220. Control of Animals.

All dogs brought into a City or County park must be on a leash not more than six (6) feet in length and must remain under complete control of the person responsible for the dog while it is in the park. Also, no person shall ride or drive any horse or animal not well broken and not under the complete control of the person bringing the animal into a park.

Section 7221. Littering.

No wastepaper, bottles, cans or other rubbish or litter shall be left in any City or County park except in a receptacle designated for such purpose.

Section 7222. Parking of Vehicles.

No vehicle shall be parked in a City or County park except in areas designated for such purposes.

Section 7223. Hours of Use.

No person shall enter or remain in any City or County park at times other than those designated by the Director as being open hours for the park. Posting of notice of such open hours will be at major access points to all City or County parks.

Section 7224. Vending.

No person shall vend any merchandise or services within a City or County park unless they possess a concession agreement approved by the City Council and/or the Board of Supervisors.

PASSED AND ADOPTED this 23rd day of June, 1969, by the following vote:
AYES: Councilmen: Chamberlin, Doetsch, Rogers, Smeed, Hyde
NOES: Councilmen: None
ABSENT: Councilmen: None
APPROVED: Homer H. Hyde, Mayor
ATTEST: Dorothy Trevethan, City Clerk

Point Arena lighthouse makes interesting tour for motorists

Lighthouses have been part of California history for more than a century, and their durability and stolid charm have made them prime attractions for the motoring tourists. Of the more than a dozen still open to the public in California, the Point Arena Lighthouse, located off State Route 1 in Mendocino County, is one of the most picturesque light stations along the north coast.

The Point Arena light was first constructed in 1870, but the lens was smashed and the tower destroyed by the great earthquake of 1906. The present light station was reconstructed in 1907-08.

The fortress-like tower, which is 110-feet high, is set high on an exposed point so its vulnerability to the frights of weather is heightened by a precarious position. By brightest day the lighthouse looks almost insignificant when viewed against the immense backdrop of sea and sky. But when the sun goes down and the fog rolls in it assumes new dimension and even a landlubber finds warmth and comfort in the bright beacon that shines out of the ghostly white tower and cuts through the darkness.

Point Arena's light, always the main attraction of any lighthouse, has a Fresnel lens which catches most of the light cast by the lamps and redirects it into one beam of very high intensity. It is the only rotating light with mercury float still in the 12th Coast Guard District. The old light was first shown on May 1, 1870 and the new light first shown on Sept. 15, 1908.

Even the brightest lights can't be seen more than a few feet in heavy fog, so lighthouses utilize fog horns. Point Arena has a steam whistle type which can sound brutally loud to the visitor, but for the mariners who make their way along the coast, the sound acts as a guide dog for their ships which are blinded by darkness, fog or stormy weather.

The four men who man this family station (modern housing is provided for the families at the lighthouse) also keep a 24-hour radio watch and send weather information to the U.S. Weather Bureau in San Francisco.

Visitors to the lighthouse are allowed only between 1 and 4 p.m., Saturdays, Sundays and holidays.

As you travel the ocean hugging Highway One to Point Arena, the California State Automobile Association suggests that you stop for a visit at Fort Ross, 43 miles south of the lighthouse. Bodega Bay and Jenner also make for picturesque stops.

Obituaries

CHARLES JOHN SCICLUNA

The Holy Rosary was recited Tuesday, July 1, at the Campbell Memorial Chapel for Charles John Scicluna, 53, who passed away June 29 from injuries suffered on June 2 in an auto accident.

Scicluna was driving a small car to the doctor's at the time of the accident when he struck a large trailer truck at the Capitol Expressway and Pearl Ave. intersection. He was employed by Plog Sheet Metal.

Scicluna, a native of Malta, resided at 2338 Valerie Court with his wife, Rosemary and their 11 children, Larry, Chuck, Marty, Barry, Michael, Debbie, Ricky, Davey, Joey, Robbie and Christine.

He also leaves two brothers, Father Martin of Malta and Phillip Scicluna also of Malta. He also leaves five sisters, Mrs. Hilda Psaila of San Bruno, Mrs. Stella Psaila of Burlingame. Two sisters reside in Malta and one in Brazil.

Requiem Mass was recited Wednesday morning, July 2 at St. Lucy's Church. Final services were held at the Los Gatos Memorial Park.

FAYE JOSEPHINE TURNER

Final services were held Tuesday from the Campbell Memorial Chapel for Mrs. Faye Josephine Turner who passed away June 27 following a long illness. A native of Chicago, Mrs. Turner was 38 at the time of her death.

She had resided at 2046 Anthony Drive for the last five years.

Survivors include her husband, Paul H. Turner and two children, Diana Jay Short of Campbell and Paul W. Turner with the U. S. Army. She was also the daughter of Joseph Short of Gary, Ind. and the sister of Joseph Short of Chicago, Ill.

Officiating at the services was the Rev. Bruce Grubaugh. Interment was in the Los Gatos Memorial Cemetery.

SAFETY BELTS add comfort as well as security to driving. Properly adjusted they support the body, lessen fatigue. Use your belts on long or short trips.

Bring 'em back ALIVE!

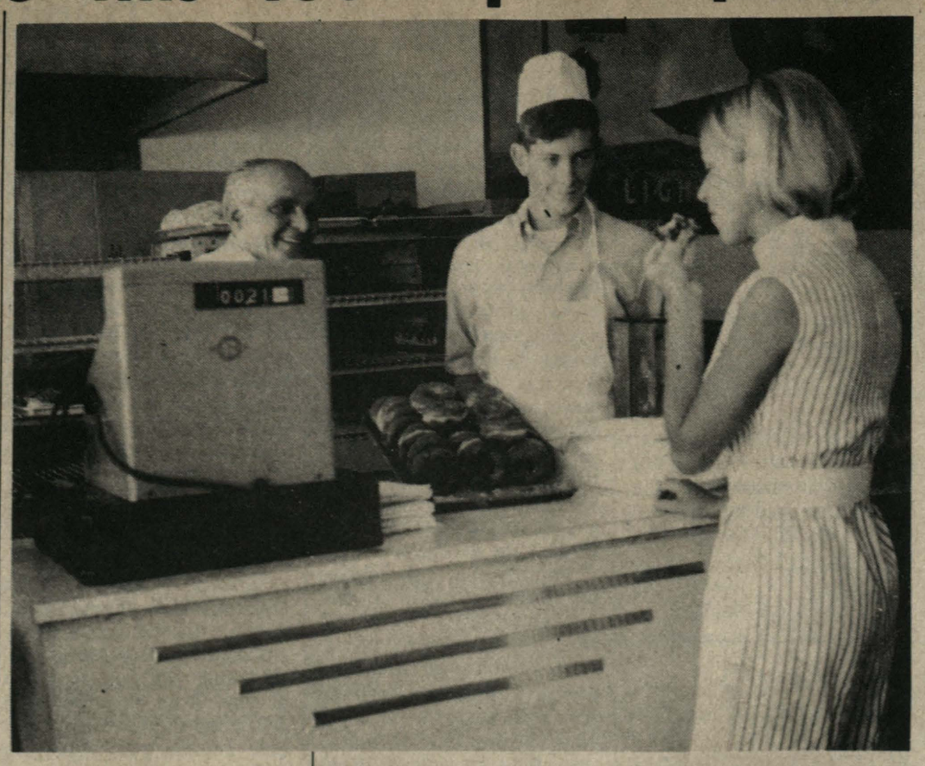
YES office fills 100th job request

The Youth Employment Service which was organized under the direction of the Campbell Chamber of Commerce for the purpose of providing job placement for teenagers for the summer and during the school year, has just completed the filling of their 100th job request.

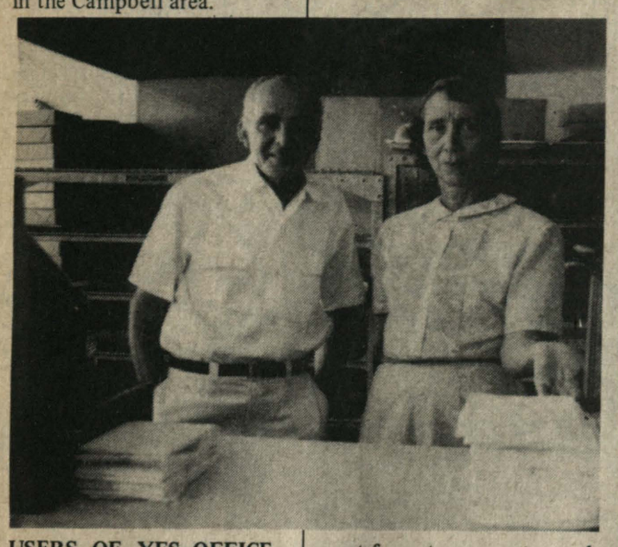
Tom Cook, a 17-year-old youth, will be working at the Kopper Kettle Donut Shop, 2082 Winchester Blvd. during the summer weekends behind the counter selling donuts and serving coffee and donuts to customers. Tom will be a senior at Blackford High School next year. He plans on walking back and forth to work from his 2082 Payne Ave. address, and hopes to save toward a car.

Placing the 100th request for a student worker on June 27 was Frank DiVita, Kopper Kettle Donut Shop owner, who employs 10 people. Mr. and Mrs. DiVita have been in the Campbell area making donuts since 1931, when they started making donuts for the wholesale business in a shop on Esther Ave. They moved to their present location in 1940, and DiVita attributes his success to "knowing how to make a donut".

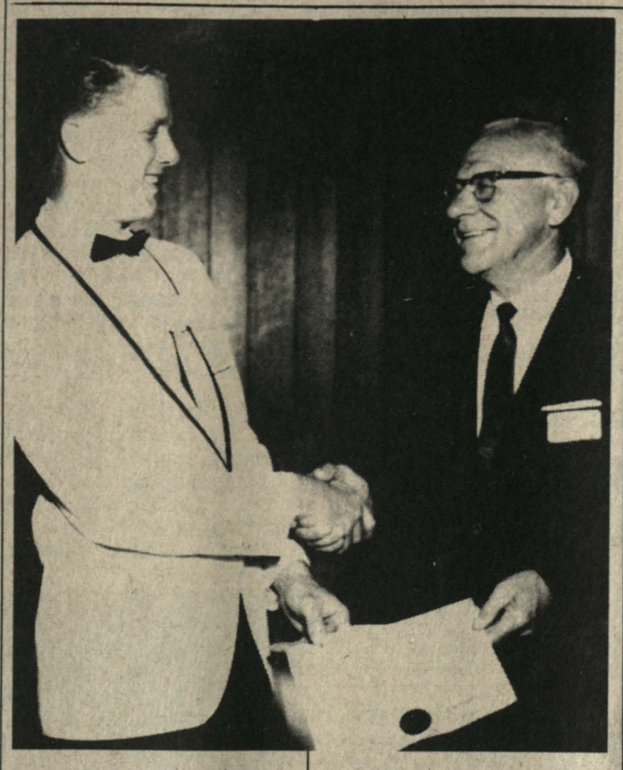
Judy Rothwell, YES director, said that to date 105 job requests have been received and 74 of them have been filled from the 392 applications on file. Qualified secretaries are still needed however in the Campbell area.



YUM, GOOD--Judy Rothwell, YES director, right, samples one of the delicious donuts that Tom Cook, center, will be selling at the Kopper Kettle Donut shop this summer. Tom is the 100th teen-ager to be placed this summer by the YES office. On the left is Frank DiVita, owner of the donut shop, who placed the request for the job.



USERS OF YES OFFICE--Mr. and Mrs. Frank DiVita, owners of the Kopper Kettle Donut Shop on Winchester Blvd. placed the 100th request for a teen-ager to work during the summer, through the Youth Employment Service office.



PROMOTED--Russell Foster (left), of 1100 Normandy Dr., Campbell, was one of 34 young plumbing, pipefitting, refrigeration, heating and air conditioning apprentices who were officially promoted recently to journeymen. Congratulating Foster above upon his completion of five years of training is County Supervisor Ralph Mehrkens. The training program is sponsored by the Joint Apprenticeship Committee composed of labor and management in Santa Clara and San Benito counties.

Billy Jones Wildcat RR offers open house tour on "the Fourth"

An added feature of the Los Gatos JayCee sponsored, annual fourth-of-July Town Picnic will be an open house tour of the Billy Jones Wildcat Children's Railroad facilities.

Although not yet in operation, officials of the children's tiny steam train are extending an invitation to all parents and children to join in the annual town picnic at Oak Meadow Park. The coach and engine storage house will be open for inspection as well as the almost completed mini-train station.

Los Gatos Elks Wives will be on hand to serve refreshments at a booth set-up at the station while artwork, buttons and post cards will be on sale. Directors of the railroad have promised to be on hand throughout the day to review construction progress with visitors.

Every effort will be made to have the 18" gauge, prarie-type locomotive steamed up and railroad president Bill Mason promises that every youngster will be able to blow the whistle or ring the engine bell, at the gala 4th of July celebration.

The children's train, owned by the Billy Jones Wildcat Railroad, a non-profit corporation, is scheduled for completion and operation in September of 1969. Originally owned and operated by the late Billy Jones, a retired SP railroad engineer, the train has served several generations of local youngsters since 1948.

The local Co., founded by West Valley residents has, through donations, purchased the mini-train and will operate it in Vasona and Oak Meadow parks for children of all ages, on a non-profit basis. The project is an in-depth, community involvement task supported by many individuals and diverse groups. Principal construction phases which remain to be accomplished are the bridging of the Los Gatos Creek between Oak Meadow and Vasona parks and the installation of some 2800 feet of narrow gauge track in Vasona Park.

Donations of money and help are needed by the railroad, and suitable acknowledgment of all gifts will be made. Address of the Billy Jones Wildcat Railroad, Inc. is P.O. Box 949, Los Gatos, California 95030.

RAIN DROPS

RAIN SEASON ENDS

The 1969 rain season ended June 30 with a rainfall total of 24.81 inches.

Normal for the year, according to the Campbell Water Company records, is 15.00 inches with last years total standing at 14.51. In 1967 the Campbell rainfall total was 25.00.

The California rain season is from July 1 to June 30.
